

DURA DOME®

Dura-Domes® For Fast N Easy Electrode Payout

BENEFITS OF USING DURA-DOMES®

DURA-DOMES® protect the operator from accidental contact with the electrode. The electrode is kept clean - repelling grinding dust, slag, spatter, and other airborne contaminants, while providing an economical payout of your welding electrode

CLEAR DURA-DOMES® Allow 360° View "At A Glance"

Widely used by industry, the clear plastic cover allows "At a Glance" inspection of the electrode with a full 360° view. Constructed of impact-resistant clear plastic, the unit resists cracking and breakage.

FAST 'N EASY® INSTALLATION

No tools are needed to install Dura-Domes® on fiber drums or square box. Dura-Domes® are designed for use on popular carton sizes world-wide.

ACCESSIBILITY

All Dura-Domes® have a clear access/inspection flap that allows access and viewing of the electrode without removing the dome. Heavy-duty insulated rivets keep the flap safely in place.

PE HEAVY-DUTY DURA-DOME®

Precision formed Black PE Dura-Dome® is constructed of high density Polyethylene plastic that resists cracking and breakage for extended service life. A clear access/inspection flap is provided to view the electrode.

HOW TO ORDER

DESCRIPTION	PART NUMBER	FOR USE WITH
Dura-Dome 20" Clear	A-1669	20 3/16" (51.3cm) to 20 1/2" (52.1cm) Fiber Reinforced Drum
Dura-Dome 23" Clear	A-1688	23 3/16" (58.9cm) to 23 1/2" (59.7cm) Fiber Reinforced Drum
Dura Dome 26" Clear	A-1942	25 3/4" (65.4cm) to 26 3/8" (67.0cm) Fiber Reinforced Drum
Dura-Dome Black PE 20"	A-2000	20 3/16" (51.3cm) to 20 1/2" (52.1cm) Fiber Reinforced Drum
Dura-Dome 500 Square Clear	A-2025	20" (50.8cm) to 20 1/2" (52.1cm) Square Box

OPTIONS - Dome Connector Kit and QCI Insulator

Dome Connector Kit is complete with the Quick Connect, washers and wear resistant steel inlet nut for quick connection to all conduit bayonets. The QCI Insulator insulates all metal connections, eliminating short circuits and shock hazards.

- See catalog sheet CAT-021 CONDUIT CONNECTORS and ACCESSORIES for the appropriate adaptors and connectors.
