

## QUIP-MIST NOZZLE CONDITIONER AND ANTI-SPATTER BULK FEED SYSTEM

- Easy Wall/Screen Mounting Inside or Outside The Welding Cell
- No More Filling Small Reservoirs On Side Of Nozzle Cleaning Station
- Eliminates Having To Entering Robotic Welding Cell To Replenish Anti-Spatter
- Fast & Easy Change-Out Of Five(5) Gallon Quip-Mist Refill
- 5 Gallon Refill Provides Extended Time Between Changes
- Designed For Use With American Weldquip's Robo-Quip Nozzle Cleaning Station
- Vacuum/Gravity Feed System

**American Weldquip** introduces a simplified, unique Nozzle Conditioner and Anti-Spatter bulk feed solution. No more having to go into a cell to change your anti-spatter fluid. Our bulk feed system is designed to be mounted on the outside of the welding cell. It can be hung on the cell wall screen, bolted to a solid wall or simply hung on the top of the cell wall rail.

Plus, the 5 gallon supply gives you extended time between refills. Changeover of refills takes seconds. Simply disconnect to supply hose from the on/off valve, lift and remove the 5 gallon Cubetainer from the hanger, install the new 5 gallon Cubetainer and reattach to hose to the (NEW) valve assembly and turn on.

Our **QUIP-MIST** formula is an exceptional performing, eco-friendly product that significantly reduces or eliminates spatter retention on weld nozzles, parts and tooling. Helps to extend the life of consumables, reduces downtime and increases productivity. When exposed to the welding arc the special blended formulation creates a protective barrier on the nozzle preventing spatter adhesion. In, addition, when applied to parts, tooling or fixtures, weld spatter accumulation is easily cleaned away.

# QUIP-MIST

## Liquid Nozzle Conditioner/Anti-Spatter

A little goes along way!! Just a light mist is all that is required to keep nozzles, parts and tooling protected against weld spatter accumulation.

Available in 8oz(236.59ml) Spray, 32oz(946.35ml) Spray, 1 Gallon(3.78L), 5 Gallon(18.92L) and 55 Gallon(208.20L) Containers.

- HELPS TO EXTEND CONSUMABLE LIFE
- NO HARMFUL ODORS OR FUMES
- NO CHLORINATED SOLVENTS
- NO SILICONE OR HYDROCARBONS
- NON-FLAMMABLE
- NON-TOXIC
- NON-HAZARDOUS
- BIODEGRADABLE
- PAINTABLE
- WATER BASED
- WILL NOT PLUG OR CLOG FEED LINES AND SPRAYERS

### HOW TO ORDER

PART NUMBER	DESCRIPTION	SIZE
8705BSYS	BULK FEED FEED SYSTEM	5 GALLON
870005NC*	QUIP-MIST LIQUID	Five US Gallons(18.92 Liters)

**8705BSYS Includes 870005NC Quip-Mist**

\* Includes faucet.

TO OBTAIN MSDS SHEETS – VISIT OUR WEBSITE – [www.weldquip.com](http://www.weldquip.com) or call 330-239-0317.

\*\* QUIP-MIST is a water based product. When not in use it is important to keep the container lids on tight as evaporation can occur reducing the useful life of the product.
