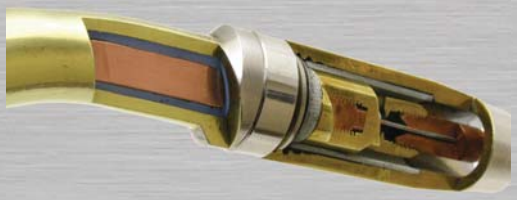
AMERICAN WELDQUIP OEM REPLACEMENT GOOSENECKS

For Use with Genuine American Weldquip Consumables

American Weldquip competitive goosenecks are designed for fast and easy replacement of existing OEM competitive Robotic or Semi-Automatic styles. Once changed out you will begin to experience the durability and improved performance that you can expect from all American Weldquip products.

- **Custom Fit - exact replacement of competitive brand goosenecks. TCP is duplicated and maintained to specifications on robotic goosenecks.**
- **Increased Durability - all replacement goosenecks offer a heavy-duty, more durable design than the OEM originals.**
- **Increased Performance - together, our unique gooseneck and consumable design provides improved operating performance and long consumable life.**
- **"HEAT SINK" gooseneck heat dissipation management technology.**
- **Extremely durable, heavy-walled gooseneck design.**
- **Long lasting, cool running consumable design.**



- **Heavy-Duty thread-on nozzle system - provides cooler operation and a longer lasting nozzle system. The course thread, fixed position design feature ensures a constant tip to nozzles relationship and consistent welding parameters.**
- **Common Consumable Platform - During conversions to American Weldquip Torch systems the replacement goosenecks offer you improved performace on competitive torches and a common consumable platform to reduce inventory requirements.**
- **Special Designs, Custom Configurations - American Weldquip will custom engineer a gooseneck to fit your specific requirement. Custom-designed torches can normally be shipped in a matter of days!**
- **Exact Semi-Automatic and Robotic Replacements available for Binzel®, Fronius®, Lincoln®, Tregaskiss®, OTC®, Panasonic®, SKS®, Bernard®, Tweco® and others.**
- **Manufactured by American Weldquip in Wadsworth, Ohio so you are always guaranteed the quality you can trust.**

Whether you are looking at increasing consumable life on a competitive brand torch or to commonize consumables during a conversion of your plant to American Weldquip torches you can enjoy the benefits of the Weldquip **ADVANTAGE**. Our uniquely designed goosenecks and consumables act together to give you the performance and durability you require.

AMERICAN WELDQUIP OEM COMPATIBLE GOOSENECKS
